

PROPOSED TEMPORARY ROAD CLOSURE OF NOTHE PARADE, WEYMOUTH

I have received an application from Wessex Water, to close NOTHE PARADE, WEYMOUTH from the Slipway on Nothe Parade to approximately outside of the Weymouth Sailing Club, a distance of approximately 110 metres. The closure has been requested to allow Wessex Water safe access to replace the water main. These works are programmed to commence from the 5th February 2018 for 26 days with an end date of the 4th March 2018. The road closure is necessary for safety reasons, as the works will take place within the whole width of the carriageway.

Wessex Water will publicise the road closure in a number of ways: they will place information boards on the road in this area to inform the travelling public of the works; they will carry out a letter drop to local residents directly affected by the works; and they will sign a vehicular diversion route using the local road network. The following map shows the extent of the closure and the diversion route.

This document is for information only. However, if you have any concerns about this proposal, please contact Marc Cutler, (trafficteam@dorsetcc.gov.uk) by the 02nd January 2018.
